👤 About myself

Software engineer with over 5+ years of experience in designing and developing scalable and high-performance web applications. Working with Next.js, Node.js, React.js, TypeScript and database management (MongoDB, MySQL, Supabase, Firebase). Strong experience with AI integrations, AI Agents, API development, and cloud-based deployments. Adept at optimizing system performance, debugging, and creating seamless user experiences with CI/CD pipelines, Agile methodologies, and modern development tools.

💼 Work experience

Senior Web App Consultant

29/09/2025 – Current

Accurasy | Dubai, United Arab Emirates

Engineered secure API infrastructure for model training and evaluation, incorporating encryption and access logging to mitigate data exposure risks and maintain data integrity.

Designed scalable microservice architecture implementing Repository, Dependency Injection, and MVC patterns, resulting in a highly testable and maintainable codebase with clean separation of concerns.

Software engineer

01/12/2024 – 31/07/2025

Maiv Ltd | Bishop's Stortford, United Kingdom

Led development of Next.js AI applications using GPT APIs for content generation and SEO-focused blogging (Sanity CMS). Managed Supabase, PostHog, and Vercel for data, analytics, and deployment. Integrated MailerLite, PayPal, and Tolt to streamline operations. Improved performance by 50%, boosted revenue by 15%, and supported 50K+ monthly users.

Web application developer

01/08/2022 – 31/12/2024

NextPak agile solutions | Rawalpindi, Pakistan

Built airline ticket reservation system with real-time seat selection + payment integration, Reduced checkout abandonment 5%. Led development of "Sports at School" platform: dashboards with Node.js, MongoDB, Redis & Stripe payment. Collaborated cross-functionally ensuring rapid iteration under Agile sprints.

Software developer

01/10/2020 – 31/07/2022

Setway Solutions | Sargodha, Pakistan

Started as a .NET Backend Developer building CRM and enterprise solutions for local and international clients. Began with POS development

for small businesses in Sargodha, later expanding into front-end and full-stack development to deliver end-to-end solutions.
